SERVICE GUIDE

BEAUTIFULLY CONSIDERED. EFFORTLESSLY LIVEABLE.

A comprehensive, thoughtfully tailored design service to transform the look and feel of your room - with clarity, confidence and calm guidance throughout.

We offer a selection of room design packages, allowing you to choose the level of support that suits your project.

For those who would like a fully immersive experience, we provide a comprehensive, hands-on service - guiding your project from initial concept through to installation and final handover. Every detail is thoughtfully managed to ensure a smooth and cohesive result.

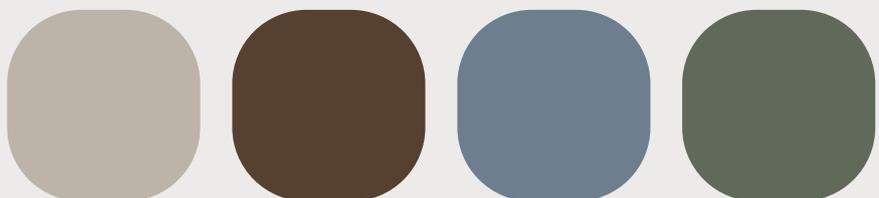

If you prefer a more flexible approach, our hybrid service delivers the same carefully developed design concepts remotely, complete with clear guidance and step-by-step documentation so you can implement the scheme with confidence.

Should you wish for us to take care of everything on site, simply request the full in-person service alongside your chosen design package.

WHAT'S INCLUDED

- 01 | Client & property consultation
- 02 | Fully tailored room concept
- 03 | Personalised video walkthrough
- 04 | Refinement stages
- 05 | Styling and implementation guidance

HOW IT WORKS

01 | Consultation

We visit your home or discuss over video chat to explore the space together, exchange ideas, and understand what you would like your new room to become - ensuring the design reflects both your vision and the way you live.

02 | Design Concept

You will receive your tailored design concept presented as a cohesive mood board, detailed floor plan, and supporting visuals - clearly illustrating how the space will look and come together.

03 | Refinement

We review the design together, carefully refining and evolving the details until the scheme feels balanced, cohesive and entirely right for you.

04 | Final Presentation

Your full design package is delivered with every detail carefully considered - clear, cohesive and ready to be implemented with confidence.

05 | Project Implementation

If you choose our full management service, we take care of the entire implementation phase. Overseeing every stage through to final styling and handover, ensuring a seamless and beautifully finished result.

DESIGN PACKAGE

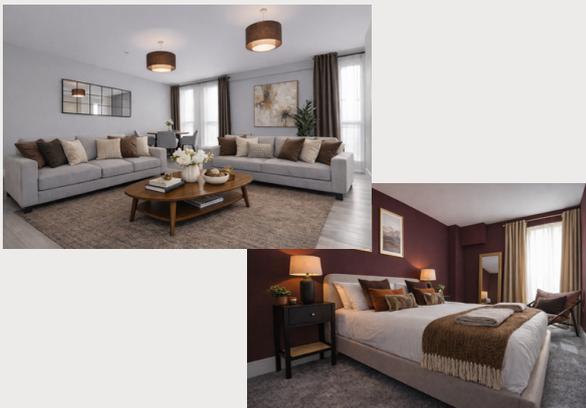

01 | Moodboard

You will receive an inspirational mood board that captures the essence of your scheme - carefully demonstrating how colours, textures, patterns and furniture selections work together to create a balanced and harmonious space.

02 | 2D Floor Plan

You will receive a scaled 2D floor plan clearly mapping the layout of furniture and key pieces, so you can visualise the flow and positioning within the room.

03 | Wall Elevations / 3D Visuals

You will receive detailed wall elevations or 3D visualisations to help you fully envisage the finished space and how the design will translate in reality.

04 | Curated Shopping List (if virtual)

You will receive a detailed shopping itinerary, with every item clearly specified and linked, making it simple and seamless to source each piece for your space.
